RE: Draft Master Plan Survey #1: Cady St./Racetrack/South Center Street Sub-Areas

Please find attached a draft survey for your review and comment. The survey was developed in partnership and with much effort and involvement of the Master Plan Sub-Committee. The survey is scheduled to be launched in early June.

The survey will be distributed primarily via the internet. Attached is a paper version. Please note that the following graphic glitches in the attached document will be resolved in the final version:

- The size of all the maps adjusts to screen size on the internet version. Once the survey is finalized, we will edit the paper copy so that maps are centered and at a readable scale.
- The line at the bottom of some pages will be removed for the final paper version. They do not appear on the internet version.
- The colons next to the answer lines in question 13 will be removed. Again, those do not appear in the internet version.
- In the demographics section on the internet, questions 16-21 will only be shown if the participant checked the appropriate box in question 15, "What is your relationship to the City of Northville?"

We look forward to your comments at your upcoming meeting.
