**RE:** Master Plan Update – Open House Event Summary

Three Open House events were conducted in September to gather public input on preferred land uses, land use relationships and organization, and options for public spaces and amenities in the three Master Plan Sub-Areas under review by the Planning Commission. These events were held on the Zoom platform, and were attended by 36 residents and interested citizens.

The attached summarizes the common themes, unique ideas, and comments provided during the Open House activity. I will be presenting this information at the upcoming Planning Commission meeting.
